## MORE TIPS:

### **BELLS:**

Play in the center of the bars.  
Use hard mallets.

### **TAMBOURINE:**

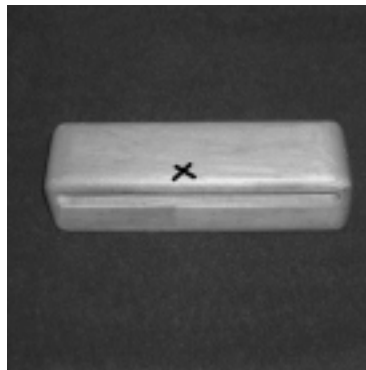

Hold at an angle and make a "beak" out  
of the striking-hand fingers.  
Strike near the edge.

### **WOODBLOCK:**

© 2003 curving walkway  
publications

Use medium to hard rubber mallets.  
Don't use something harder than  
the wood! Play over the slit in the  
block for the best sound.

## **HAVE FUN!**

Enjoy playing! Please, let us hear about your performances!
